Kochbo Aero die laaste seun van VV0546 wat te koop is en hys is 'n seun van die bekende VV1373 wat al in verskeie stoete goed geteel het. Aero is 'n diep sagte dik bul wat baie vleis dra en wie se susters baie goed teel vir ons in die stoet. Hy was 'n klein kalfie met geboorte en het baie goed gespeen.

<b>Opmerkings/Remarks</b>																			
A top stud bull. We sold this bull to Mbakumua Hengari of Namibia in 2018 at the sale in Bela-Bela. Because of foot and mouth the border is still closed to Namibia and he is selling the bull now. He has 160 straws of semen for own use. He breeds fantastic females and Valley Venture sold one of his sons for over R100 000 last year at the Santa Select Sale. One of the best bulls we are using in the Valley Venture herd VV17-19 is also a son of him. We used VV17-19 in our advert in the 2021 Santa Gertrudis Journal. Scrotal circumference - 41cm.
